

PRESBYTERIAN FAMILY FOUNDATION (PFF) ANNUAL REPORT

A Year of Impact

In 2025 PFF employed approximately 130 dedicated professionals who specialize in guardianship, conservatorship, and home and community-based services. These employees play a vital role in supporting individuals who require assistance with decision-making, personal care, and independent living. Through their expertise, our team ensures the well-being and protection of vulnerable populations while promoting dignity and autonomy

Letter from the Chair of PFF's Board

Reminiscing on all the blessings PFF received last year (even if some of them came in disguised packages) makes me feel optimistic about all the blessings yet to come in 2026! Our community continues to grow together through love, hard work and dedication. Our PFF staff are among the best out there and they should be proud that their work is recognized throughout the State of Minnesota. Our clients flourish every day through activities and services provided from PFF.

Last year PFF saw even more changes on the legislative level along with big challenges in The Department of Health and Human Services (DHS) and their fight against fraud. I proudly commend PFF for being able to navigate all of those challenges with grace and perseverance; to show we are the upstanding organization we say we are.

May we, as a whole at PFF, continue to make a huge impact on our community and across the State of Minnesota in how we conduct our services to those we love, our clients! God bless each and every one of you.

-Heather Smith

As we reflect on another year of growth and service, I am proud to share the remarkable progress our organization has made. This year, we welcomed more dedicated professionals to our team, bringing our staff to approximately 130 employees across guardianship, conservatorship, and home and community-based services. The expansion of our team has allowed us to increase the breadth and depth of our services throughout the state, reaching more individuals and families in need than ever before.

Our mission to support and protect vulnerable members of our community has never been stronger. Through the commitment and compassion of our staff, we continue to empower those we serve, helping them maintain dignity, autonomy, and a higher quality of life within their communities.

---Brooke Rustad, CEO
